

**Description**

Several days after transmission of updated information, it was discovered that a more complete medical record exists for Vivienne under a different SSN. It becomes necessary to send a retraction of the previous report. The cancellation record for Vivienne Wright is transmitted via an ADT^A11 message from the EHR to the jurisdictional vital records office.

**Comments**

No Comments

**Pre Condition**

A04-Report message is sent before the A11-Cancel message.

**Post Condition**

No PostCondition

**Test Objectives**

This test case examines the ability of an EHR to create an ADT A11 message for cancellation of relevant clinical information to the Electronic Death Registration System (EDRS).

**Evaluation Criteria**

No evaluation criteria

**Notes for Testers**
